

Ped-in-a-Bag™

Lightweight, Portable, Crossing Guard Pedestrian Sign

SPECIFICATIONS

- Post and panels are constructed of flexible plastic that is resistant to ultraviolet light, ozone, and hydrocarbons.
- Unit has a reactive spring assembly that allows the sign to give and rebound upon vehicle impact, greatly reducing sign damage. Includes anti-twist feature.
- Sign weighs just 8 pounds, 15% less than IRS' standard sign.
- Portable base weighs just 20 pounds, 45% less than IRS' standard base.
- Protective transport bag is included.

RECOMMENDED USES

- For temporary, hourly use only
- Where weight and transportability are an issue
- Use for delineating crosswalks to reduce the risk of injury, death, and property damage.
- Do not use at signalized locations.
- Take care to avoid creating a trip hazard when using any sign in a crosswalk. Ensure that sign bases are outside the crosswalk area.
