Surface Mount Quick Release
or
Lightweight Portable Base (P)

SPECIFICATIONS

- Post and panels are constructed of flexible plastic that is resistant to ultraviolet light, ozone, and hydrocarbons.
- Unit has a reactive spring assembly that allows the sign to give and rebound upon vehicle impact, greatly reducing sign damage. Includes anti-twist feature.
- Sign weighs just 9 pounds.
- Portable base weighs just 20 pounds.

RECOMMENDED USES

- Ideal for temporary, daily use where weight and transportability are an issue.
- Use for delineating crosswalks to reduce the risk of injury, death, and property damage.
- Do not use at signalized locations
- Take care to avoid creating a trip hazard when using any sign in a crosswalk. Ensure that sign bases are outside the crosswalk area.
