### Surface Mount Fixed Base

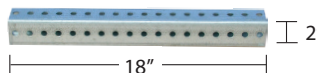

P/N: BS-SMFB  
Color Options: Black, White, Yellow

### BASE OPTIONS

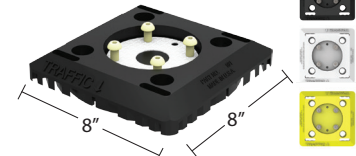

#### Drivable Base

2" - 12 Gauge Square Tube  
P/N: BS-DR00

### Surface Mount Quick Release Base

P/N: BS-SMQB  
Color Options: Black, White, Yellow

### SPECIFICATIONS

- Post is constructed of white powder coated aluminum to prevent warping and remain straight.
- Panel is assembled using white engineer grade reflective sheeting, with blue and green ink.
- Outer yellow bollard is a durable plastic which simulates a formidable concrete barrier for added conspicuity. Prevents bumper damage to metal post.
- Unit has a reactive spring assembly that allows the signpost to be bumped by vehicles, rebound, and return upright.

### RECOMMENDED USES

- ADA specific parking lot signs
- Asphalt, concrete, or in-ground installation
- Use where occasional bumping by vehicles can damage traditional signposts causing costly repairs or replacement.
- Sign is available with "Van Accessible" legend.
