

INTRODUCING THE NEW

TUFF POST™

**HIGH PERFORMANCE
CHANNELIZER**

by **IMPACT**recovery
SYSTEMS

**WORK ZONES • PARKING LOTS • AIRPORTS
HIGH SPEED TRAFFIC LANES • HOV LANES • CURVES**

The new TUFF POST High Performance Channelizer is the latest addition to our line of TUFF products. Developed to meet the harsh demands of high speed, 2-way roadways, it is the only post in the industry that has been tested to withstand 50 hits at 55 mph and still remain upright with no vertical or horizontal listing.

**TUFF POST™
SETTING A HIGHER STANDARD**
