

The Precision

The Precision Sign is blow-molded using polyethylene plastic for durability. Reactive spring unit gives upon impact and is designed to re-orient the panel towards traffic. The Precision can be custom made to your specifications using a choice of high intensity or diamond grade reflective sheeting applied into the recess of the panel. Custom legends are also available.

The "precise" sign for all your traffic control needs.

6.5" (16.5cm) x 34.5" (87.5cm) Reflective Sheeting
