

IMPACTrecovery SYSTEMS

"Performance for a Safer Tomorrow"

PRODUCT BULLETIN

Date: April 2021

Products Affected: One-Base® Universal Portable Base

Change: Top Mounted Bases

Impact Recovery Systems, Inc. is pleased to announce the addition of our Quarter Turn Base to the One Base® Portable. This will enable the use of industry best OmegaPost high speed delineator with the portable system.

To allow this change, we have modified the design of the portable base to accommodate either our traditional Quick Release Surface Mount Base or the Quarter Turn Surface Mount Base mounted directly to the top of the crumb rubber portable. As such, you will notice a difference in appearance, however performance will be unchanged.

Quarter Turn

Quick Release
