REACTIVE SPRING TECHNOLOGY

INTERNAL SPRING ASSEMBLY

Tuff Post® channelizers are built standard with our patented anti-twist reactive spring assembly, returning the panel to its original position after impact to ensure product longevity and reduced replacement costs.

HIGH PERFORMANCE, LARGE DIAMETER, FLEXIBLE DELINEATOR & CHANNELIZER

Ideal for high-speed traffic lanes and various channelizing situations such as HOV lanes and entrance lanes. Tuff Posts® can also be used when increased visibility and channelization is needed in order to enhance safe and uninterrupted traffic flow. Use for indicating alignment and delineation in roadways atop TUFF Curb® systems.

PRODUCT FEATURES

- Withstands 50 impacts at 55 mph
 - reduces maintenance
- Easy Installation
- Anti-twist reactive spring technology
- 360° of retro-reflectivity
- Integral coloration resists fading or damage from UV light, ozone & hydrocarbons
- Delineator or tubular marker style are available with high-intensity or diamond grade reflective sheeting
- Wide variety of sheeting colors
- NTPEP Tested (Report #99)
- MUTCD compliant

TUFF POST®

PRODUCT SPECIFICATIONS

Our Tuff Post® is a durable, flexible polyethylene delineator and channelization post. It is ideal for exit lane delineation, marking changes in road alignment, centerline traffic separation, bike lane protection and urban turn restrictions. It can also be used effectively as an opposing traffic lane divider and to delineate the edge of a pavement drop off where space limitations do not allow the use of larger systems.

MP Flex Post™ - Long

MP Flex Post™- Short

MP Flex Post - Black Cap

**Open Top post is left with a smooth cut, open top*

Sta-Rite Sign Post Model	Height	Post Diameter	Post Colors	Included Sheeting	R. Sheeting Type	R. Sheeting Colors	Spring Type
MP Flex Post™ 14" Long Squeeze	28"	2.375"	White, Yellow, Orange, Green, Gray, Black and Red	Two 3" bands of reflective sheeting	Diamond Grade or High Intensity	White, orange, yellow, red, green or blue	Fixed, Quick Release or Drivable spring types available*
